

The Grande Hotel

Locale @ The Grande in Hepburn Springs provides a unique destination dining experience beside the stunning beauty of the Wombat State Forest. Featuring amazing views of Hepburn regional park, an elegant formal dining room enhanced by a beautiful forest mural, stunning charcoal and crystal paintings created by a renowned local artist, open fireplaces - lit in winter, contemporary styling, wrap around verandahs, country charm and, of course, sublime food from our Michelin star-experienced Italian chef Domenico de Marco. Domenico slow-cooks authentic traditional Italian cuisine with beautifully combined flavours and textures. His culinary roots and abiding passion for house-made everything, including freshly baked breads, pastas and soups, house-cured meats, mozzarella, baked ricotta, and freshly churned gelato are fully embraced here. And supplied with the amazing fresh produce of the Central Highlands, Domenico cooks and coaxes this locavore fare into a truly Italian experience of food and dining... luscious, relaxed and convivial. Originating from near Bologna in Italy, Domenico has had a stellar career in some of Europe and Australia's best restaurants. Guided by renowned chefs including Luca Marchini, Piergiorgio Parini and Andrea Accordi, he's been employed in Michelin star establishments in London, Italy and Prague. In Australia, Domenico has worked with chefs Luke Mangan and Neil Perry and in his own highly regarded Albert Park restaurant. Locale realises his passion to return to country living and an artisan style of cooking.
